Class Descriptions on the back.....

**Gentle Yoga:** Yoga class that can be performed seated in a chair or standing on a mat. *\*This class uses a chair and is tailored for limited mobility and individuals that prefer not to go down to the floor on a mat.* Class focus will be on flexibility, joint mobility, and breath. We will use multiple props during class to assist with poses. This class will be a great way to recover after a week of cardio and strength training.

**Healthy for Life:** This class is designed for our senior members. The focus is on functional movement, targeting light cardio, strength, balance, & flexibility.

**HFL 2.0:** Designed for our senior members who desire a bit more intensity in their workout. The focus is still functional movement, cardio, strength, balance, flexibility and core. During 2.0 we will increase the workload.

**Lift & Sculpt:** This class is packed with moves designed to sculpt you to a leaner and tighter physique. Each workout is total body and includes a warm up, lower body, upper body, core, cardio, and a cooldown/stretch. Strength training (dumbbells), body weight exercises, and cardio moves are included in this HIIT based format. You can work at your own pace during the working interval and modifications are provided throughout.

**Power Spin:** Focus on cycling power and conditioning, with a few upper body movements mixed in.

**Spin Dance Party:** Take your classic spin class to the next level!!! Combine fun music and a dance environment with disco balls and black lights. All levels are welcome.
